

**Migrant song to
Jose "Call Me, Maybe" Cuisia**

[Note: 1st stanza from the voice of trafficked migrant Filipino teachers]

Threw 20k down the well
No job for me where I fell
He said don't you ever tell
Or I'll get in your way

[Note: next stanza is about GIS migrant workers]

He followed his dreams took a trip
Earned Pennies fixing a rig
He wasn't looking for this
GIS in his way

[Note: next several stanzas are from migrant workers in general]

We thought life would be golden
But a nightmare we were liv'n
Now that we're approaching
Where u think you're going baby?

Hey came and met you
Told u this is crazy
You said here's my number
call me maybe

It's hard to get you
To be proactive baby
You say here's my number
Call me maybe

Hey came and met you
Told u this is crazy
You said here's my number
call me maybe

Told u all my debt it's
Starting to chase me
But it's still here's my number
Call me maybe

You took no time with our call
You did nothing at all
But look for more jobs abroad
And send us on our way

We've begged, borrowed, concealed
Anxiety always real
Makibaka now i feel
So don't get in my way

We thought life would be golden
But a nightmare we were liv'n
Now that were approaching

Where u think you're going baby?

Hey came and met you
Told u this is crazy
You said here's my number
call me maybe

It's hard to say you've
Been proactive baby
You say here's my number
Call me maybe

Hey came and met you
Told u this is crazy
You said here's my number
call me maybe

Told u all my debt it's
Starting to chase me
It's still here's my number
Call me maybe

Before you came into my life
It was pretty bad
Now it is so bad
Oh you are so so bad

Before you came into my life
It was pretty bad
Now it is so bad
And you should know that

Hey came and met you
Told u this is crazy
You said here's my number
call me maybe

It's hard to say you've
Been proactive baby
You say here's my number
Call me maybe

Hey came and met you
Told u this is crazy
You said here's my number
call me maybe

Told u all my debt it's
Starting to chase me

But it's still here's my number
Call me maybe

Before you came into my life
It was pretty bad
Now it is so bad
Oh you are so bad

Before you came into my life
It was pretty bad
Now it is so bad....
"F" call me maybe
